Healthy Ageing and Elderly Care Network News

Welcome to the first edition of the Network News for Eurodiaconia's Healthy Ageing and Elderly Care Network. You will see from the many articles that ageing is a hot topic for policy makers and researchers at the moment and of course issues related to ageing are of interest to all Eurodiaconia members. This monthly E-news is designed to provide a targeted overview of all the news related to ageing and elderly care from the previous month for people with a particular interest in these areas.

If you have not seen already, 2012 will be the European Year for Active Ageing and Solidarity between Generations. This will provide opportunities for you to publicise the work you do, build new partnerships, raise awareness of challenges associated with ageing and work to find solutions. Articles in this E-news explain the work that Eurodiaconia is already involved in and how you can get involved at national level.

If you have information to share with the Network such as an event announcement or a publication on ageing or care for older people please feel free to send it to me at laura.jones@eurodiaconia.org.

If you receive this mail and you would rather not in the future, please let me know and we will take you off the mailing list. If there is someone else who would be interested in receiving it, please feel free to forward it to them or let me know and I can add them to the mailing list.

Happy reading!

Laura
